Canton Community College opened its doors in 1959 as a small organization using space in Canton Senior High School for classrooms.

1210-78203

Twenty years later that small school  
has grown into Spoon River College,  
located on a beautiful new campus  
in a rural setting west of Canton.

1997 2012

Spoon River in its twentieth year is progressing, maturing, and growing.

SRC kicked off its anniversary celebration on August 13, 1978 with *Prelude to Year 20*. The day of fun-filled activities included antique autos, machinery and other items on display.

A reception for alumni and former staff members, a special program saluting the occasion, and a style show of yesteryear were held.

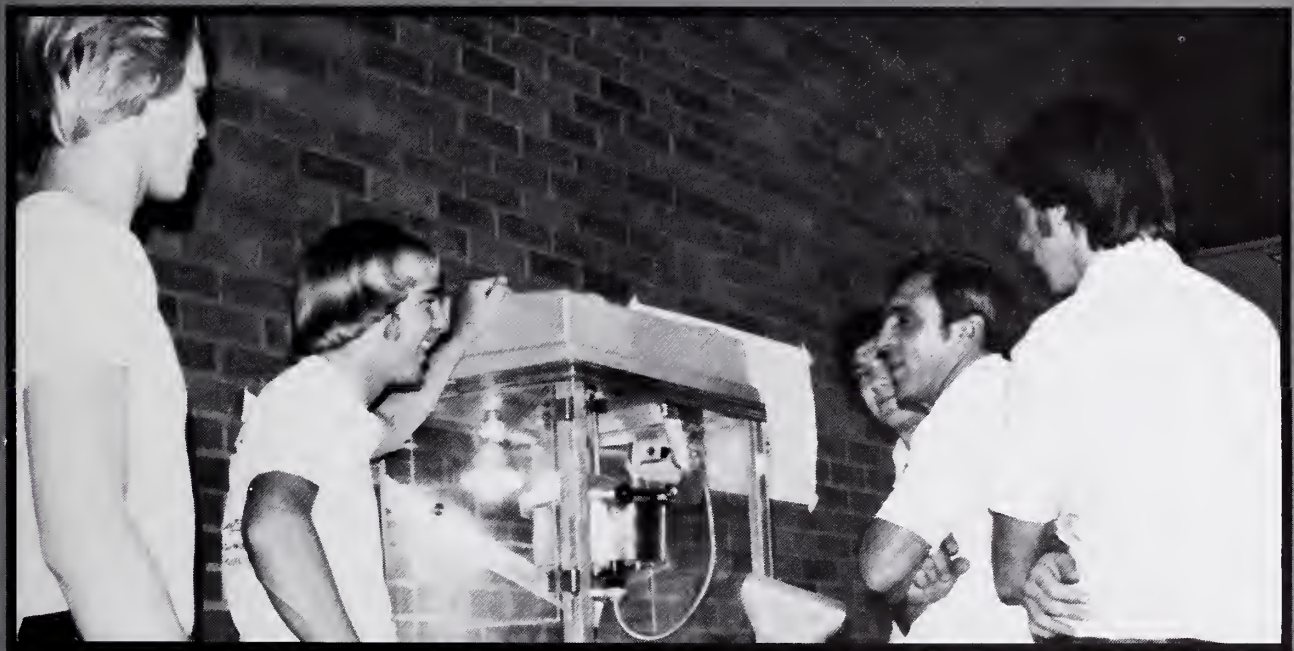

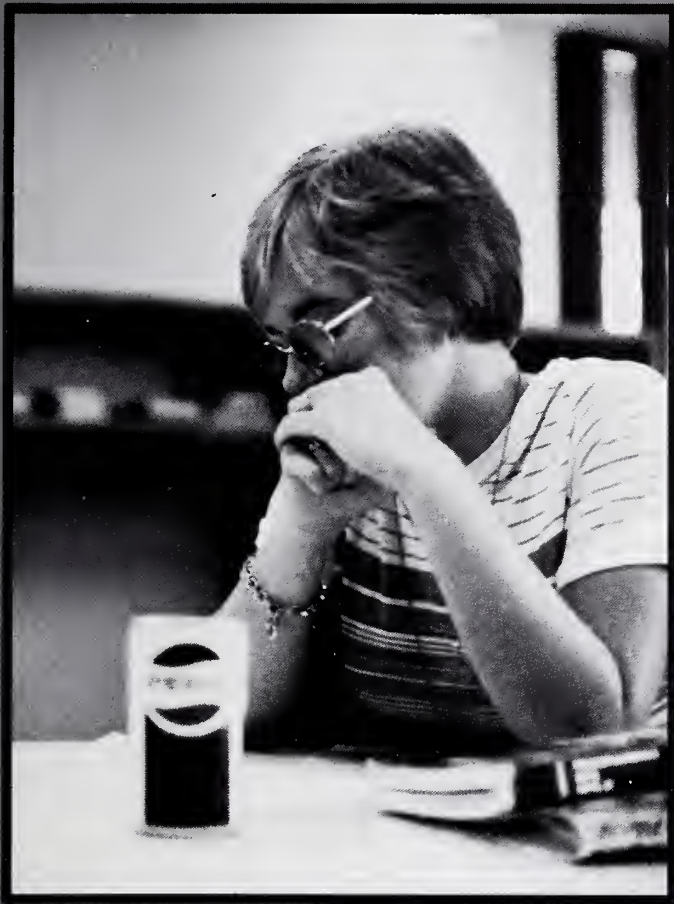

Spoon River is  
classes, activities, clubs, and sports.

Spoon River College is  
educational, fun, competitive.

SRC is privileged to host many activities throughout the year. Many of the annual events include the SRC Track Invitational and Stormin' in. Spoon River was also able to host a display from NASA that included a rock from the moon. The program attracted many people from the Spoon River area.

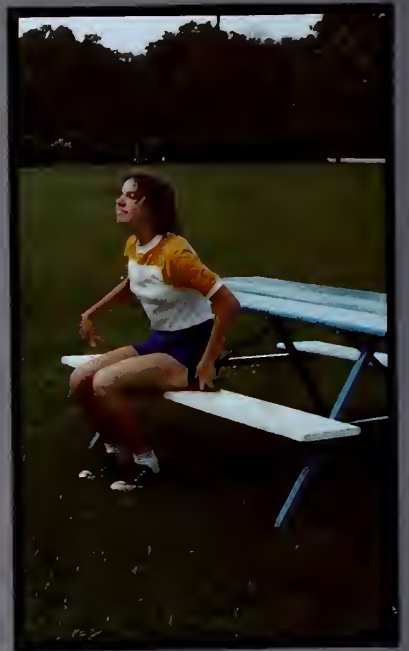

It has come a long way, and Spoon River  
is proud of what it is now.

# 3179172012

The numerous activities sponsored by the Senate, school, and various groups help keep college life from becoming too boring and routine. Due to the lack of time and space only seventeen of the several dozen activities, that are planned throughout the year, can be illustrated here.

## ACTIVITIES

# “The Second Time Around”

**The Second Time Around,”** the annual spring play, was held April 20 and 21, 1978. The play was a comedy about a widow and a widower in their middle sixties. The couple met, fell in love, and decided to continue their lives together. This was all so fantastic for them until it came time to break the news to their neurotic children. Their children could not understand why their parents had decided not to marry, but live together.

## Crusader Homecoming 1979

The Student Senate and Cheerleaders worked hard to plan a week of activities for **Crusader Homecoming '79**. The weather did not cooperate, however. No school was held Monday and Tuesday of Homecoming Week, Jan. 15-19, because of a blizzard that struck the area. A Mr. Sexy legs contest and "greaser day" was planned for Monday, and "wild-n-crazy day" was planned for Tuesday. Neither was carried out, though. "Pajama day" was planned for Wednesday, but no one knew for sure whether to dress for the occasion or not. Therefore no pajama clad students were found on the campus. Homecoming Royalty elections were held on Wednesday with the winners to be announced at half time during the men's game on Thursday.

# Phi Theta Kappa

**Phi Theta Kappa** is a national honorary fraternity for junior college students. Its purpose is the fostering of a spirit of devotion to study and to scholarly ideals among its members. Its principles are embodied in the Greek letters, that represent the organization, which stand for wisdom, aspiration, and purity. The local chapter of Phi Theta Kappa serves to honor students at Spoon River College who have achieved academic success in their chosen majors in a transfer program.

The organization held two initiation ceremonies. The first, a carry-in dinner, was held in November for the spring of '78 students at Shields Chapel Church. The second was a banquet held at Wee-Ma-Tuk country club in April 1979 for the fall of '78 initiates. Officers for the organization were: Mike Williams, president; Sarah Hoepker and Terry Westerfield, co-vice presidents; Karen Scrogum, secretary-treasurer; and Denise Bull and Susan Colvin, board members. Mrs. Martha Strode and Mr. Gary King were advisors.

## FACULTY

At the beginning of the 1978-79 school year there were 107 administration, faculty, and classified personnel. This number included thirteen administrators and forty full-time faculty members. Spoon River College is proud of its highly qualified and friendly staff.

President

Paul C. Gianini Jr.

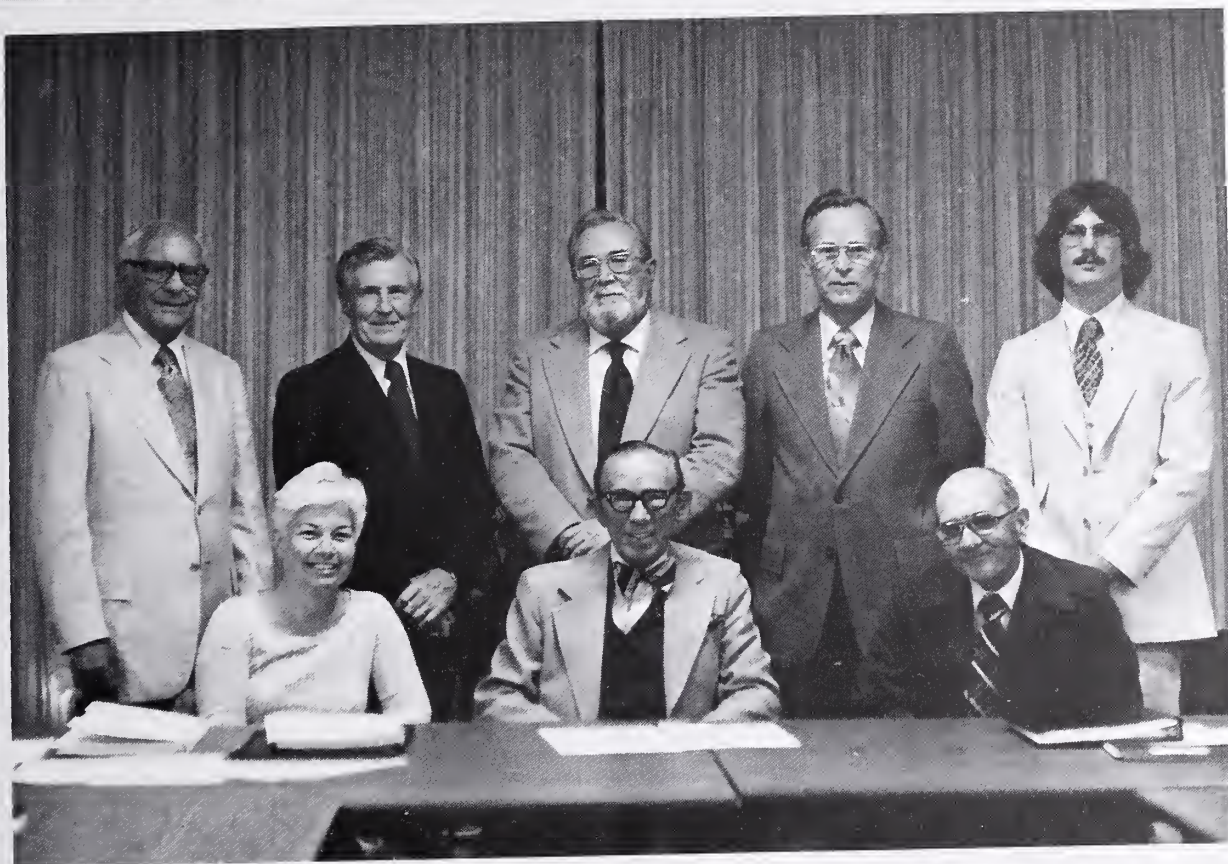

As we begin our twentieth year, Spoon River College has graduated over 2,000 students, many of whom have assumed a meaningful position in our college district. It is extremely exciting to realize that the next score of years promises to be even more lucrative in terms of satisfying community needs, of program development and of increased service to our constituencies.

Spoon River College is the people's college and we will continue to strive to become more and more a part of the community that we serve. We will continue to grow and avoid the mediocrity caused by complacency. We will never satisfy all of the community's needs since they will be forever changing and we must change with them. In the words of Winston Churchill, "to improve is to change, to be perfect is to change often."

The staff and I have tried to give a different perspective of Spoon by using numbers that represent the various aspects of the college and of college life. Although these numbers are bound to change throughout the year, they give a fairly good view of what SRC is like.

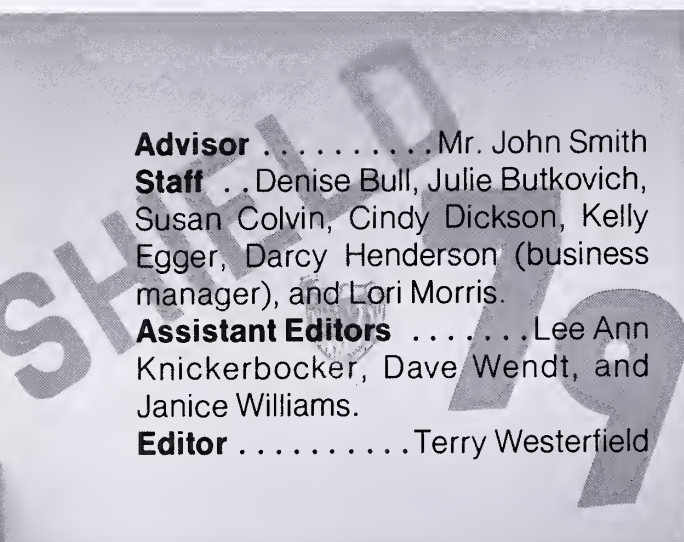

One might say that I've learned a lot about numbers by working with the **Shield**. There are numbers of numbered pages to be completed by certain dates. There are numbers of photos to choose from. There is especially a great number of people that I've been privileged to meet and work with.

Many of us at Spoon will now be going our separate ways, and others will continue here at SRC. I hope that this book, mistakes and all, will bring back a few memories in the years ahead.

Thank you to all the coaches, teams, organizations, and the Student Senate for their support and help with the **Shield**. Thank you to Bill Watkins, photographer; Dave Carson, for photos; Corey Mundwiler, from Taylor Publishing Company; and Mr. John Smith, advisor.

A special thanks goes to the **Shield '79 Staff** for a top notch job of putting the **Shield** together.
